

# Can't Be Alone

Paul Cauthen

You know I can write a song  
You know I can kiss all night  
You know that I can be the man  
That makes you feel just right  
But there's trouble up ahead  
I feel it in my spine  
I'll go to church  
Break some bread  
Drink all the Lord's wine

No I can't  
Be alone  
No I can't  
Be alone

You know I can work real hard  
Keep a roof right over our heads  
And make sure the lights stay on  
And keep the baby fed  
But that's only in my dreams  
You've been gone for quite some time  
What I'd give  
To have you back  
And help me with my rhymes

Lord I can't  
Be alone  
Lord I can't  
Be alone  
Oh I can't  
Be alone  
Lord I can't  
Be alone

No I can't  
Be left alone  
No I can't  
Be left alone  
No I can't  
Be left alone  
No I can't  
Be left alone
