

# Caught Me At A Good Time

Paul Cauthen

You caught me at a good time  
Honey, I'm a goldmine  
Got a pocket full of twenties  
No way in hell we're gonna go to sleep

Well, you caught me in a good mood  
Badass attitude  
Every day is sunshine  
You caught me at a good time

Honey, you and me go good together  
You're the prettiest woman I've ever seen ever  
Ever think about the backslide?  
Slipping into midnight  
Get a little alright  
Light a little candlelight

You caught me at a good time  
Honey, I'm a goldmine  
Got a pocket full of hell yeah  
Why not? Might as well, yeah

Well, you caught me in a good mood  
A badass attitude  
Every day is sunshine  
Well, you caught me at a good time

The way you move them hips is hypnotizing  
Honey, take my hand, let's make some lovin'  
Ever think about the backslide?  
Slipping into midnight  
Get a little more right  
Flyin' higher than the sky

Oh, you caught me at a  
Oh, you caught me at a  
Oh, you caught me at a good time

Oh, you caught me at a  
Oh, you caught me at a  
Oh, you caught me at a good time

Oh, you caught me at a  
Oh, you caught me at a  
Oh, you caught me at a good time

Oh, you caught me at a  
Oh, you caught me at a  
Oh, you caught me at a good time

Well, you caught me at a good time  
Honey, I'm a goldmine  
Got a pocket full of hell yeah  
Why not? Might as well, yeah

Well, you caught me in a good mood  
A badass attitude

Every day is sunshine  
You caught me at a good time
