

Cut A Rug

Paul Cauthen

Pop that shoulder, make it flex
Drop that ass, oh hell yeah
Pop that shoulder, make it flex
Drop that ass, oh hell yeah
Pop that shoulder, make it flex
Drop that ass, oh hell yeah
Pop that shoulder, make it flex
Drop that ass

The left foot says to the right foot
I'm a-thinkin' we should make some moves
And the right foot says to the left foot
Let's put on them snakeskin boots
And the snakeskin boots scoot across that floor
Gonna ask some high heels to dance
And them high heels all start tappin' their toes
They're ready for a little romance

Cut a rug, cut a rug
Cut a rug, cut a rug

Don't matter how you do it
Just put your soles into it
And feel the vibration from above
Let that thunder strike your feet
Get 'em moving to the beat
Everybody break it down and cut a rug

Cut a rug, cut a rug
Cut a rug, cut a rug

Pop that shoulder, make it flex
Drop that ass, oh hell yeah
Pop that shoulder, make it flex
Drop that ass, oh hell yeah
Pop that shoulder, make it flex
Drop that ass

You can tango, twist-and-shout, the cha-cha
You can Mow the Lawn and do the Stanky Leg
The Moonwalk
Sock hop
Boogie-woogie
Doo-wop
Gets a little better every step

Cut a rug, cut a rug
Cut a rug, cut a rug

Don't matter how you do it
Just put your soles into it
And feel the vibration from above
Let that thunder strike your feet
Get you moving to the beat
Everybody break it down and cut a rug

Cut a rug, cut a rug

Cut a rug, cut a rug
Give your legs just a little more wobble
And your hips just a little more shake
Get along to the rhythm
If ya ain't got it then give it
Everything you got 'cause that's all it takes

To cut a rug, cut a rug
Cut a rug, cut a rug

It don't matter how you do it
Just put your soles into it
And feel the vibration from above
Let that thunder strike your feet
Get you moving to the beat
Everybody break it down and cut a rug

Pop that shoulder, make it flex
Drop that ass, oh hell yeah
Pop that shoulder, make it flex
Drop that ass, oh hell yeah
Pop that shoulder, make it flex
Drop that ass, oh hell yeah
Pop that shoulder, make it flex
Drop that ass, oh hell yeah
