

# Give 'em Peace

Paul Cauthen

Spirit guides  
Spirit leads  
Spirit heals  
Then it bleeds  
Over you  
Over me  
Spirit tries  
Spirit keeps  
Right here in your soul  
Hear the voice  
Feel the presence  
I can be wild  
I can talk shit  
Some days with plenty to back it up with  
I've earned my keep  
Out here on this road

Well, Lord  
Whomever you shall be  
Send your grace on the  
Ones who want peace  
Give 'em peace  
If ya hear my call  
Don't let it ring  
Give 'em peace  
Give 'em peace  
A holy ghost fire will burn and sing  
Give 'em peace  
Give 'em peace

Break the rules  
Aplenty demons  
No one walks the land with sinless hands  
Everybody repents and sins again and again  
That's just human nature

Well, Lord  
Whomever you shall be  
Send your grace on the  
Ones who want peace  
Give 'em peace  
If ya hear my call  
Don't let it ring  
Give 'em peace  
Give 'em peace  
There's a holy ghost fire will burn and sing  
Give 'em peace  
Give 'em peace

If ya hear my call  
Don't let it ring  
Give 'em peace  
Give 'em peace  
There's a holy ghost fire, burn and sing  
Give 'em peace  
Give 'em peace

Whomever you shall be  
Send your grace on the  
Ones who want peace  
Well, give 'em peace  
Give them peace  
Give 'em peace  
Look, give 'em peace, Lord  
Give 'em peace  
Give them peace, Lord  
Give 'em peace  
Look, give 'em peace, Lord  
Give them peace  
Look, give 'em peace, Lord  
Give them peace  
Look, give 'em peace, Lord  
Give them peace
