

Hanging Out On The Line

Paul Cauthen

Well I'm fallin' off the tracks
Goin' places I never should be
Well I've found my righteous path
But out here it's me

Don't leave me hangin' out on the line
Don't leave me hangin' out on the line
I'm preparin' to lose my mind
While I'm tryin' to make you mine
Don't leave me hangin' out on the line

We give it a break
Lose a little time
Let's see if our hearts take
Mine is yours and yours is mine

Don't leave me hangin' out on the line
Don't leave me hangin' out on the line
I'm preparin' to lose my mind
While I'm tryin' to make you mine
Don't leave me hangin' out on the line

We trade our guilt for shame
Leave the past behind
Why don't you take my last name?
Be my spirit and my guide

Don't leave me hangin' out on the line
Don't leave me hangin' out on the line
I'm preparin' to lose my mind
While I'm tryin' to make you mine
Don't leave me hangin' out on the line

Don't leave me hangin' out on the line
Don't leave me hangin' out on the line
I'm preparin' to lose my mind
While I'm tryin' to make you mine
Don't leave me hangin' out on the line
