

## Have Mercy

Paul Cauthen

Ain't gonna talking gone a-walking till they break me down  
No, didn't do it, now I'm saying we're coming around  
Well, have mercy on me, that words don't mean a thing  
I was on my way out, just need to grab a couple of fame

Have mercy on you, have mercy on me  
Take a head that's blinded upon the sea  
Now I'm a bit flying, it's the truth  
Oh, have mercy on me, oh, have mercy on you

Well, the world who crumble on top of itself  
For don't learn to forget  
I'd be lying if I told you that you were the first person  
Come and tried to tell me how to live  
Well, I ain't saying I did what you think  
But people tend to bend the rose with a brick  
If they let them to hit you by now turn to the other way

Oh, have mercy on you, oh, have mercy on me  
Take a head that's blinded upon the sea  
I'm now with flying, it's the truth  
Oh, have mercy on me, oh, have mercy on you

Oh, I see now my time is up  
They want me now but you cold my blood  
I've done this before, I'll probably do it again  
Will you say I got one question, son  
Or ever heard I'll keep my gun?  
Here in my hands same place, it's always there

Oh, have mercy on you, oh, have mercy on me  
Take a head that's blinded upon the sea  
I'm now a bit flying, it's the truth  
Oh, have mercy on me, oh, have mercy on you  
Oh, have mercy on me, oh, have mercy on you
