

High Heels

Paul Cauthen

Worked all week
Makin' ends meet
Earning my blue collar
Rollin' dimes
Working overtime
Got a few extra dollars
It's been so long since we tied one on
Been a minute since you let your hair down
All work no play
Nah, not today
Let's take it on up to uptown

Put on them high heels
'Cause we're going out tonight
Givin' me the good feels
Turnin' me on like a neon light
We can drink, we can dance to a honky-tonk band
Burn it down till closing time
Put on them high heels
'Cause we're going out tonight

We can skip the line 'cause a friend of mine
Can sneak us in the backdoor
Having a ball in no time at all
Spinning you 'round the dance floor
Turnin' them heads
Knockin' them dead
Might get a little bit sideways
Downing doubles
Rubbin' buckles
'Bout to take you out and I can't wait

Put on them high heels
'Cause we're going out tonight
Givin' me the good feels
Turnin' me on like a neon light
We can drink, we can dance to a honky-tonk band
Burn it down till closing time
Put on them high heels
'Cause we're going out tonight

If we leave right now and take the backroads out
We don't have to miss the downbeat
I'll be dropping that clutch
Kickin' up dust
You can get ready in the backseat

Put on them high heels
'Cause we're going out tonight
Givin' me the good feels
Turnin' me on like a neon light
We can drink, we can dance to a honky-tonk band
Burn it down till closing time

Mhm
Put on them high heels
'Cause we're going out tonight

Put on them high heels
'Cause we're going out tonight
