

Hometeam

Paul Cauthen

Come on and get nasty

You better roll up
Not to break off in scene
As you roll up
A Cadillac and limousine
With the shoulder shrug
If you know what I mean
Look 'em in the face
While I walk with the lean
Want to hold up
With the
Fire in your eyes
While you show up
Gucci boot and thick thighs
The glow up
Caught me for the last time
Beauty ain't a crime
Rewind
Wearing 69

For the hometeam
You ain't out of my league
We gon' see
If you gonna change around me
Cause I ain't gonna play
Them games no more
Kicking for the hometeam
Hot damn it's a whole damn thing

Hit it quit it live it spit it
Get nasty
Hit it quit it live it spit it
Get nasty

Wake up
Gonna tell you like it is
Best
Shake it up
Gonna make it in the biz
And your makeup
Till there's diamond on your wrist
With your hair blown out and your nails just a did uh

Looking for a big dog
Begging for a big dog whip
Best kick your training wheels off
If you're playing in the yard then you might get bit

Hometeam
You ain't out
Of my league
We gon' see
If you gonna change around me
Cause I ain't gonna play no games no more
Playing for the hometeam
Hot damn it's a whole damn thing

Hit it quit it live it spit it
Get nasty
Hit it quit it live it spit it
Get nasty
Come on and get nasty
Come on and get nasty
Hit it quit it live it spit it
And get nasty
