

## Lavender Jones

Paul Cauthen

Lay down on the bed baby  
Zip up your jeans  
It's Saturday night  
You're going out with me  
Truck is gassed up  
Got the mud off the seats  
My wallet's filled up  
With cash that I don't need

Yipee ki yi aye  
Yipee ki yi oh  
Yipee ki yi aye  
Smoking Lavender Jones

You can stuff me in your pocket  
Baby take me to town  
Wait until sunset and pass me around  
I'm your favorite flavor  
When you're feeling down  
We're either going to jail or passing out

Yipee ki yi aye  
Yipee ki yi oh  
Yipee ki yi aye  
Smoking Lavender Jones

Yeah we go to Colorado  
Smoke the Rocky Mountain way  
If you go to California  
Smoke with hippies in the bay  
And if you go to Texas  
Heads up it's a long way from legal  
Don't give up

Yipee ki yi aye  
Yipee ki yi oh  
Yipee ki yi aye  
Smoking Lavender Jones
