

# Saddle

Paul Cauthen

Ridin' the trail alone, it ain't my style  
Not even for a country mile

Ride  
Ride  
On this saddle, my saddle  
It's a beautiful night  
The air is right  
On this saddle, my saddle

Saw you standin' there  
Lookin' so lonely down by the cabin  
Your long dark hair  
It drew me in like a fountain

Ride, babe  
Let's ride  
On this saddle, my saddle  
It's a beautiful night, babe  
The air is right, babe  
On this saddle, my saddle

Travelin' together on this ole filly sharin' the stars  
Souls tied as one, ride any trail: the night is ours

Ride  
Ride  
On this saddle, my saddle  
It's a beautiful night, babe  
The air is right, babe  
On this saddle, my saddle

Ride  
Ride  
On this saddle, my saddle  
It's a beautiful night, babe  
The wind is right, babe  
On this saddle, my saddle

Ride  
Ride  
On this saddle, my saddle  
It's a beautiful night, babe  
The wind is right, babe  
On my saddle, saddle
