Em, it's Paul, listen
Joel just called me and he told me
You're in the f**king back behind his studio
Shooting your gun off in the air like it's a shooting range
I told you not to f**king bring your gun around like an idiot
Outside of your home, you're gonna get yourself in trouble
Don't bring your gun outside of your home, you can't carry it o
n you
Leave your f**king gun at home
