

Glory Be To God

Paul Kelly

Here comes the one that I adore
Glory Be To God
And I'm the one she's come here for
Glory Be To God
Throws her arms around my neck
Oh Glory Be To God
Presses in against my chest
Glory Be To God
Glory Be To God
Glory Be To God
Glory Be Glory Be To God

She's got a smile to change the sun
Glory Be To God
Undoes her buttons one by one
Glory Be To God
On my knees before her splendor
Glory Be To God
She knows she's a natural wonder
Glory Be To God
Glory Be To God
Glory Be To God
Glory Be Glory Be To God

He eyes closed and just above me
Glory Be To God
We both start shaking like a leaf on a tree
Glory Be To God
Glory Be To God
Glory Be To God
Glory Be To God
Glory Be To God
Glory Be Glory Be To God

Glory Be To God
