

Gonna Be Good

Paul Kelly

I'm gonna be good from now on
I'm gonna be good
I'm gonna be good from now on
I'm gonna be good

I wrote a list, I thought it best
Of all that must apply
I wrote a list, it didn't take long

I'm gonna be good from now on
I'm gonna be good

My sweet brothers, my sisters all
They're standing by
They've been delighted, they've been appalled

I'm gonna be good from now on
I'm gonna be good

Like Big John says in his song
You gotta walk the line
The line is narrow, the line is long

I'm gonna be good from now on
I'm gonna be good
I'm gonna do right from now on
I'm gonna do right
