

# Side By Side

Paul Kelly

We've been through  
So many ups and downs  
The falls and bruises  
The leaps and bounds  
We've been handed time  
We've been forced out wide  
But we've stayed side by side  
Side by side, side by side

We've been through  
The drought and the flood  
We sucked up the dust my God  
We struggled in the mud  
We've been up against it  
In big cities and small towns  
Yes we've had our ups and down  
Ups and down, ups and down

They wrote us off  
All the ones who knew best  
We were underestimated north  
And south and east and west  
They smiled and shook their heads  
Said too bad, so long  
Dead and gone, dead and gone  
Dead and gone

But you had me  
And I had you  
And all our true believers  
Family friends and strangers too  
Sure we had our doubts  
But just enough of pride  
And we stayed side by side  
Side by side, side by side  
Yes we stayed side by side  
Side by side, side by side

When I was hurting  
You didn't fuss too much  
Your comfort was all grace  
The lightest of touch  
Now these good lessons  
Are raining at our door  
Let 'em pour, let 'em pour  
Let 'em pour, let 'em pour  
Let 'em pour, let 'em pour  
Let 'em pour, let 'em pour

Hard times come no more  
Come no more, come no more  
Hard times come no more  
Come no more, come no more

Hard times come no more  
Hard times come no more
