

Some Guys

Paul Kelly

Some guys work in the morning
They always take their lunch
Some guys come home dirty
Some guys come home drunk all the time
Drunk all the time
You better look twice

One shot is too many
Two shots is not enough
Three don't feel like any
But it sure does cure my cough every time
Cure my cough every time
You better look twice

Look twice
This time

When I feel so wiry in my insides
Well its just like clockwork
And now its coming back right on time
Right on time
You better look twice
You better look twice
This time

One shot is too many
Two shots is not enough
Three don't feel like any
But it sure does cure my cough every time
Cure my cough every time
Make me feel just fine
Make me feel alright
You better look twice
You better look twice
