

Untouchable

Paul Kelly

She breaks in on a dollar everywhere she goes
She leads him on more than she will ever know
Untouchable and it's such a crime
I find her ways are always taking up my mind
Untouchable-I'm the one to fall
Untouchable-and I come each time she calls
She breaks in on a friendship everywhere she goes
I find her ways are always taking up my mind
Get down on my knees just for her
Tell the world I do adore her
Untouchable just like water flows
Untouchable when she's taking off her clothes
She breaks in on a dollar everywhere she goes
I find her ways are always taking up my mind
