

Broomstick

Paul McCartney

As long as we're together, it's gonna be just fine cause I heard it on the wind
Howling through the middle of the mind
A little pinch of pepper, a little speck of spice
Stir it in the cauldron and come up with something nice

As long as we're together, it's gonna be just fine cause I heard it on the wind
Howling through the middle of the mind
Yeah, I heard it on the wind, howling through the middle of the night

A little dash of magic, a little splash of light
Jump aboard my broomstick, come and join me for a flight
As long as we're together, it's gonna be just fine
Well, I heard it on the broomstick, dashing through the middle of the night
Yeah, there I was, out on my broomstick again

And he told me once and he told me twice, but I heard in the middle of the night
A little dash of magic, a little splash of light
Put it in your camera and it's gonna turn out alright
As long as we're together, it's gonna be just fine, yeah, all the time, yeah
You know I heard it on the broomstick, howling through the middle of the mind

While I was on my broomstick. Well, I heard it on the wind
Howling in the middle of the night
Oh yeah, as long as we're together, gonna be alright
