```
The Caesar rock
The Caesar rock
The Caesar rock
If I could find the words
To talk about my woman
Well I would surely shout them out
But every time I feel my inspiration coming
It's all too much
'Cause she pick me up, 'cause she take me down
She send my sideways
She rip me every way I turn
If I was back to school
She gotta be my favorite teacher
There's such a lot for me to learn
She's a rock, she's a rock
She's a rock, she's a rock
Somehow she always knows
Exactly what is needed
When I've been runnin' 'round and 'round
And if she wants me then I'll know that I succeded
I'll be heading back in town
She's a rock, she's a rock
She's a rock, she's a rock
Caesar rock, Caesar rock
```

Caesar rock, Caesar rock

She's a, she's a, she's a
