I'm so grateful for everything you've ever given me
How can I explain what it means to be loved by you
By you, loved by you, loved by you

Show my gratitude, gratitude, show my gratitude
I wanna show my gratitude, gratitude, yeah

Well, I was lonely, I was living with a memory
But my cold and lonely nights ended when you sheltered me
Loved by you, I was loved by you, yeah, I was loved by you

I wanna show my gratitude, gratitude, show my gratitude to you
Gratitude, show my gratitude to you, oh yeah

I should stop loving you
Think what you put me through
But I don't want to lock my heart away
I will look forward to
Days when I'd be loving you
Until then, gonna wish and hope and prey
Yeah yeah yeah yeah yeah!

I wanna show my gratitude, gratitude
I wanna show my gratitude, show my (Gratitude)
Yeah my gratitude

To be loved by you, be loved by you
Loved by you, to be loved by you
