

I Am Your Singer

Paul McCartney

You are my love, you are my song, liger on,
You are my song, I am your singer.
You are my one, you are my own melody,
You are my song, I am your singer.

Someday when were singing
We will fly away, going winging.

Sing, singing my love song to you.

My song is sung,
When day is done harmonies willinger on,
I am your singer,
I am your singer,
Singing my love song to you.
