

# Sun Is Shining

Paul McCartney

Every morning  
I get up  
Look out the window  
I get up  
See the sunshine  
Breathing down  
Every morning comes around

Every morning  
I get up  
Look out the window  
I get up  
See the sunshine  
Beating down  
Every morning comes around

Waves are breaking  
I'm in the water

The sun is shining down  
The air is buzzing

Through the curtains  
I look out  
And the sun is melting the ground  
When I'm walking through the town  
Oh every morning, every morning  
Through the curtains I look out  
And the sun is melting the ground

Waves are breaking  
I'm in the water

The sun is shining down  
The air is buzzing  
The sun is shining down  
Mother nature's (the air is) buzzing

In the city  
For the people  
See the buildings  
Crowd together

The sun is shining down  
The air is shinning  
Come on now  
Let me know now  
Tell me, tell me, tell me now

Listen to me  
Can you hear me?  
Ooo Hear me
