

When Winter Comes

Paul McCartney

When winter comes
And food is scarce
We'll warn our toes
To stay indoors
When summer's gone
We'll fly away
And find the sun
When winter comes

Must fix the fence by the acre plot
Two young foxes have been nosing around
The lambs and the chickens won't feel safe until it's done

I must dig a drain by the carrot patch
The whole crop spoils if it gets too damp
And where will we be with an empty store
When winter comes?

When winter comes
And food is scarce
We'll warn our toes
To stay indoors
When summer's gone
We'll fly away
And find the sun
When winter comes

I must find the time to plant some trees
In the meadow where the river flows
In time to come they'll make good shade for some poor soul

When winter comes
And food is scarce
We'll warn our toes
To stay indoors
When summer's gone
We'll fly away
And find the sun
When winter comes

And find the sun
When winter comes
