

Call on Me

Paul McDonald

Yeah, don't waste no time. Let's get away
Windows rolled down on the interstate
Just 'cause we can, so come closer now if you want it baby

Yeah, I can be your California
Yeah, I can be your reason why
Yeah, I can be the man beside you for the sake of a photograph

And if you need a place to rest your head
If you need a hand to hold the wheel
Let me be the answer to your prayers
Your prayers

But you got to call on me
I can be all you need
Let me be all you need
But you got to call on me
I can be all you need
Yeah, let me be all you need

Yeah, I can be your blue suede shoes
Yeah, I can be your midnight rider
Yeah, I can be the chandelier just hanging for years for the sake of a photograph

Yeah, I can be your hallelujah
Hell, I can be your streets of gold just 'cause, shit I can
So come closer now if you want it babe

And if you need a place to rest your head
If you need a hand to hold the wheel
Let me be the answer to your prayers
Your prayers

But you got to call on me
Yeah, I can be all you need
Let me be all you need
But you got to call on me
Yeah, I can be all you need
Let me be all you need.

Yeah, Don't waste no time, let's get away
Yeah, Don't waste no time, let's get away
Yeah, Don't waste no time, let's get away
Let's get away

You've got to call on me
I can be all you need
Let me be all you need
But you got to call on me
Yeah, I can be all you need
Let me be all you need
But you've got to call
Yeah, you've got to call
Yeah, I can be all you need
Let me be all you need

Yeah. I can be all you need.
I can be all you need.
