

Goodbye

Paul McDonald

Your hair, your lips, the things I'm gonna miss
Dear God, I hope you find someone else to love
There was good times, but mostly bad times
I held you through the nights, and the days and the days and th
e days and the days

But I, I never meant to make you cry
And I tried to give you every bit of my
Heart, but we tore each other apart
You wanted time, it's better now we say goodbye

I know your telephone calls, they always felt so long
I tried to pick you up, but baby, you brought me down
And I can't be your crutch, gave you way too much
I held you through the nights, and the days and the days and th
e days and the days

But I, I never meant to make you cry
And I tried to give you every bit of my
Heart, but we tore each other apart
You wanted time, it's better now we say goodbye
It's better now we say goodbye, it's better now we say goodbye
It's better now we say goodbye, goodbye, goodbye, goodbye, good
bye

(Feel it, feel it)
(Feel it, feel it)
(Life please hold her hand)

Life please hold my hand
(Life please hold her hand)
Life please hold my hand
Life please hold my hand
(I feel it, I feel it, I feel it)
Life please hold my, oh
You wanted time, you wanted time, you wanted time, goodbye
You wanted time, you wanted time, you wanted time, goodbye
(It's better now we say goodbye, it's better now we say goodbye
, it's better now we say goodbye, goodbye, goodbye)
You wanted time, you wanted time, you wanted time
(It's better now we say goodbye, it's better now we say goodbye
, it's better now we say goodbye, goodbye)
Goodbye
