

# How Long?

Paul McDonald

Yeah, I've been taking pills to wake me up and give me that good feeling  
To help me find some reason in your leaving  
To help me understand where it went wrong  
And I've been giving in to all the people constantly shit talking behind my  
back

I say that I'm not falling, but in my heart I'm sinking like a stone

Can you tell me how long?  
How long till I learn from my mistakes?  
How long will I pretend that things are going my way? How long?

Can you tell me how long?  
How long can I float without a change?  
How long till I learn to love the right way? How long?  
Can you tell me how long?

How long, how long till I learn to love again?  
How long, how long does it take to comprehend?  
How long, how long does it take to man?

Well, I try and think it over... but I overthink it all  
Maybe that's my problem. Maybe that's where we went wrong  
And you ain't used to being honest, while I can only be sincere  
And I was never good at acting. You should know by now I've never been

Can you tell me how long?  
How long till I learn from my mistakes?  
How long will I pretend that things are going my way? How long?  
Can you tell me how long?  
How long can I float without a change?  
How long till I learn to love the right way? How long?  
Can you tell me how long?

How long, how long till I learn to love again?  
How long, low long does it take to comprehend?  
How long, how long does it take to make a man?  
Does it take to make a man?  
Tell me how long does it take to make a man?

Tell me it's gonna change  
Tell me one day this will end  
Am I ever gonna wake up and never look that way again?

Can you tell me how long?  
How long till I learn from my mistakes?  
How long will I pretend that things are going my way? How long?  
Can you tell me how long?  
How long can I float without a change?  
How long till I learn to love the right way? How long?  
Can you tell me how long?

How long, how long, till I learn to love again?  
How long, low long does it take to comprehend?  
How long, how long does it take to make a man?

Can you tell me how long?  
Tell me how long does it take to make a man
