

What Are Friends For

Paul Overstreet

Ever since I can remember
We've been on each other's side
Kept each other's secrets
Never ever had to lie
You very seldom find one
so faithful and so true
You've always been there for me
and I'll be there for you

Cause what are friends for?
if not to stand beside you
if not to be there when you need them
What are friends for?
If your heart is ever lonely
you can knock upon my door
rest your burdens on me
what are friends for?

You've seen me at my worst
but you made me do my best
when i didn't finish first
you didn't like me any less
now everyday I'm thankful
for this one true friend I've found
if the Lord gives us tomorrow
you know I'll be around
