

# Thank You

Paul Revere & The Raiders

I wanna thank you  
For showing me the way inside  
I wanna thank you  
For giving back the time to set me free  
I know it's true  
I really have enjoyed the ride  
I wanna thank you  
You ought to thank me

In a little square of time  
I made love with Caroline  
And she crept into my mind  
And she eased the pain away  
But in the morning came the sun  
And I knew I'd better run  
Cause I'd rather stay just one  
Than two or three

I wanna thank you  
For showing me the way inside  
I wanna thank you  
For giving back the time to set me free  
I know it's true  
I really have enjoyed the ride  
I wanna thank you  
You ought to thank me

In a New York City place  
East and 70 and 8th  
I remember Teri's face  
And how bright her candle shown  
We laughed at shadows on the walls  
And noisy people in the hall  
An when the conversation crawled  
I walked away

I wanna thank you  
For showing me the way inside  
I wanna thank you  
For giving back the time to set me free  
I know it's true  
I really have enjoyed the ride  
I wanna thank you  
You ought to thank me

I wanna thank you  
For showing me the way inside  
I wanna thank you  
For giving back the time to set me free  
I know it's true  
I really have enjoyed the ride  
I wanna thank you  
You ought to thank me
