

Lorelei

Paul Stanley

I know you
Don't know what I'm gonna do
If I'd wings I would fly
From your side, Lorelei

People say
Try until you find your way
But it's hard for me to lie every night
What I feel for you inside, Lorelei

Lorelei, Lorelei

Seems I'm living in a mystery
Cause everything I do
To get to you
Just takes you further from me

You tell me
Love's supposed to be carefree (oh yeah)
But I'm feeling like I'm living a lie
And my time keeps passing by, Lorelei

Lorelei, Lorelei

There's a world in every word you say
And when the years roll by
You wonder why
Nobody wants a role you play
So I try (So I try)
Try to open up your eyes to see
But everything I do just takes you from me

I would walk through the fire for you (yeah baby)
Anything you desire, I'd do
Build a world only meant for two
You and I (You and I) Yeah Lorelei

Lorelei, Lorelei

Seems I'm living in a mystery (oh baby)
Cause everything I do
To get to you
Just takes you further from me

So I try (So I try) try to open up your eyes to see
This time I'm walking away
But I'm gonna pray
That you'll be there beside me

Lorelei, Lorelei, Lorelei
Lorelei, Lorelei, Lorelei
