

# Airplane Mode

Paul Wall

This for all the go-getters out there  
When it's really grind time  
You gotta put your emotions on airplane mode  
Put 'em on do not disturb  
Go out there and get it, that dough

Stacking my change, true to the game, stick to the code  
Earning my gains, straight to the bank in grind mode  
Trunk full of bang [?] hang, bounce like a toad  
Swerving the lane, swing in the rain, yes, I'm throwed  
I got my mind on my bank account, big paper in large amounts  
Stacking all my crypto up, coins that I can't pronounce  
I'm a hold-the-investment type, big ape gotta stay down  
Moon shots, no room for thots  
I came up on the Greyhound, that's a long way  
I'm 'bout my bread, it's nothing personal  
Take note, my personnel is universal  
My wallet is conversional, we live with no rehearsal  
Never emotional, I'm all commercial in airplane mode

I keep my feelings on airplane  
(Separate emotion, just stick to the code)  
I keep my feelings on airplane  
(Focus all that energy on reaching the goals)

All business, never [?]  
I want all mine, every penny  
I gotta get it, it's just in me  
If you lazy then you my enemy  
Big grind hard, work energy  
Pockets thick, blue face density  
No sleep, that is the tendency  
I'ma get what's due eventually  
I crawl like a centipede  
Big bank, I'm a paper stacker  
Stay focused, no distraction  
If it ain't rich, it's a minor factor  
New 'Lac sprayed candy apple  
Dashboard that's made by Apple  
Two-inch thick steel adapter  
I turn necks like a chiropractor  
I went from being behind on rent to riding on glass behind tint  
All cash, read the fine print  
On the grind times ten  
No complaints, just some big bank  
Hard work, no nonsense

I keep my feelings on airplane  
(Separate emotion, just stick to the code)  
I keep my feelings on airplane  
(Focus-focus all that energy on reaching the goals)
