

Alchemy of Bankrolls

Paul Wall

(DJ Fresh, DJ Fresh, DJ Fresh)

(Oh, Deville)

Time for me to work my magic

Sometimes you gotta make somethin' out of nothin'

All it takes is the right formula and some hard work, you know what I'm sayin'?

Whatever you do, don't forget to put in that hard work

Now, I'm 'bout to create some cash flow, you know what I'm talkin' 'bout?

The alchemy of bankrolls

I'm crawling with the top down, coming down

You know that I'ma hold it down for H-Town

I make heads turn 'round when I come around

I'm ridin' in an old Crown Vic', sippin' Crown

I'm headin' to the town to grab a couple P's

And I ain't talkin' player, but I always keep it P

Shoutout to Suga Free 'cause he always keep it G

I'm tryna get that scratch like a kennel full of fleas

Please, I probably got more blue cheese than Wing Stop

All because I stay true and work hard, non-stop

Never jumped ship, stayed down 'til the tip-top

Never turned my back on the game nor flip-flopped

I ball like a trickshot, it take persistence

Progress, no days off, no intermission

I'm just tryna get commission, I don't want attention

Say, man, you better listen, this a hustle exhibition

For real

Big ballin', but the work came first

Addicted to the grind like I'm cursed

I did more than required for the work

Executive administrator, I'm top clerk

Elixir with a four, turn terps to gold

Never fold, pressure make diamonds out of coal

Ten toes, fillin' up my billfold

This an alchemy of bankrolls

Grind dot com, forward slash get cake

Clockin' overtime dollars 'til I'm in my grave

Try to take me for my paper, you gon' need first aid

I'm the last to go to sleep and the first to get paid

The hustle is my trade, I'm a go-getter

And I'ma grind forever and ever, retire ever (Never, ever)

I'm posted up in Fourth Ward, makin' drank measure

I'ma get mine by any means, any measure

You know what I'm sayin'? Thinkin' out loud

Really, I'm just tryna make my future self proud

Solo in the crowd, diamonds on the crown

Focused on my end goal, to look beyond the clouds

Nothin' but that bling, blaow covered on my flesh

Lookin' fresh, on a paper quest, do not contest

More or less, give me more, you can have the less

I'm just chasin' after checks, tryna make progress and get them blue bills

Big ballin', but the work came first

Addicted to the grind like I'm cursed

I did more than required for the work
