

# Feel This

Paul Wall

I know they gon' feel this  
Feel this  
I know they gon' feel this  
Can't nobody stop us, baby, I got you, I got you  
I know they gon' feel this  
Feel this  
Ain't nobody hotter, baby  
I say I got you, I got you, baby  
I know they gon' feel this

Well let me gon' and tell these hoes how I really feel  
All real, no coded pill, what's the deal?  
Highly motivated, heavy in the field  
I got ice in my vaines, playboy, you needs to chill  
When it comes to gold, I got bars like Chino XL  
Lil karma coming back for me, I'm bound to excel  
Running routs, catching plays, like I'm [?]  
They tried to give me life in jail, but I still didn't tell  
Friends turned foe, but that's just how it goes, oh well  
Stacking mail, the mailman know me oh too well  
Catolack, C.T. 6 platnom, new car smell  
Crawling slower than a snale, blazing up my trail  
I got a pocket full of paper, no debating that  
Do this or that, either way they hate the cat  
Bounce backs over setbacks, God got my back  
Grind never slack, hustling [?]

I know they gon' feel this  
Feel this  
I know they gon' feel this  
Can't nobody stop us, baby, I got you, I got you  
I know they gon' feel this  
Feel this  
Ain't nobody hotter, baby  
I say I got you, I got you, baby  
I know they gon' feel this

21 million dollars all cash [?]  
Hold your comments, opinions and your judgements  
No substance abuse, just substance  
No facial recognition, no thumbprints  
Pass through customs, mini governments [?]  
In this world, it's no just, it's just ajustments  
Slab God boys covered, I ain't [?]  
But I can catch boppers if I drove a pumpkin  
Who else you know hang with bumpkins and got hundred K cufflinks?  
20 K stashed in a Teddy Ruxpin  
Texan with an additude, nobody I'm trusting  
Real shit, I am just a custom  
No costume, jewelry everything [?] custom  
The ice man coming, boppers steady lusting  
Took a trip to Paris, had a meeting with some Russians  
Cool as the refreshments, and hustling [?]

I know they gon' feel this  
Feel this  
I know they gon' feel this

Can't nobody stop us, baby, I got you, I got you  
I know they gon' feel this  
Feel this  
Ain't nobody hotter, baby  
I say I got you, I got you, baby  
I know they gon' feel this
