

Ice Man

Paul Wall

I got lots of diamonds on my teeth
I gotta lot of ice I'm a beast
The watch and bracelet cost me 50 each
I think I spent a quarter mill at least

I got lots of diamonds on my teeth
I gotta lot of ice I'm a beast
The watch and bracelet cost me 50 each
I think I spent a quarter mill at least

It's the iceman iceman, iceman iceman
It's the iceman iceman, iceman iceman

Don't front my deep breath cause a cold front
Ice chunks everywhere got a hole punch
Rocky Teeth I've been grindin for a whole month
10 carrot diamond rock bigger than a hole punch
Precious metal gems all over my body
Big flossy fat ice looking glossy
Flashing lights look like paparazzi
It's the walking disco ball A.K.A frosty

I got lots of diamonds on my teeth
I gotta lot of ice I'm a beast
The watch and bracelet cost me 50 each
I think I spent a quarter mill at least

I got lots of diamonds on my teeth
I gotta lot of ice I'm a beast
The watch and bracelet cost me 50 each
I think I spent a quarter mill at least

It's the iceman iceman, iceman iceman
It's the iceman iceman, iceman iceman

It's getting cold in here sorry for my watch
I might've froze the ear big ole ice blocks
Chain and chon necklace froze like a ice box
Covered up umbrella diamonds oh yeah I got lots
I got ice everywhere the opposite of stealth
Earned all my wealth so my ice don't melt
My grill even got 5 stars on yelp
Big rocks all over like an asteroid belt

I got lots of diamonds on my teeth
I gotta lot of ice I'm a beast
The watch and bracelet cost me 50 each
I think I spent a quarter mill at least

I got lots of diamonds on my teeth
I gotta lot of ice I'm a beast
The watch and bracelet cost me 50 each
I think I spent a quarter mill at least

It's the iceman iceman, iceman iceman
It's the iceman iceman, iceman iceman
