

Loyalty over Love

Paul Wall

Respect, money and the power
I got more hustles than the steps on the Ifle Tower
I'm either on my paper rout, or rolling up some flower
Obligated to the squad, it's teamwork this hour
My adversaries cower, opposition, I devour
That hating, it don't bother me for now, I will allow it
I got them looking sour, got diamonds on my outer teeth
That's trophies from the hours that I put in, I'm a [?]
Flawless carot cut, the way it shining, look resounding
Drip flowing like a fountin, wrist rocky mountain
Cash out then I'm bouncing, [?] quiet, no announcing
Paper counting, I ain't never got a check from lounging

Money, power, respect
I earned everything that I got
That's why you see all these diamonds around my neck
And I ain't wasting no time
I'm always too loyal, [?]
I put my trust in my grind
I will never ever change
I will stay the same
Stand on my name
That's why I love the game

Loyalty, integrity and honor
If there's someone as real as me, forever you will ponder
I'm right there whenever I'm needed, like a fresh responder
But one place I'll never go is somewhere I ain't wanted
Life got ups and downs, like [?] divide and conker
I used to rock the Ghost, [?]
Now I'm in that lack, more candy than Willy Wonka
I'm out searching for a come up, I'm not looking for no sponcer
The workload is constant, when you chasing after commas
Watch out for karma, it's gon' catch you one day, that I promis
My praying mama kept me honest, if I'm being honest
And the day is yet to be upon us that I'm not grinding
And I don't take no breaks

Money, power, respect
I earned everything that I got
That's why you see all these diamonds around my neck
And I ain't wasting no time
I'm always too loyal, [?]
I put my trust in my grind
I will never ever change
I will stay the same
Stand on my name
That's why I love the game
