

# Money Don't Make Me

Paul Wall

All I do is make money, make money, make money (money, money)  
But the money don't make me, no the money don't make me  
All I do is make money, make money, make money (money, money)  
But the money don't make me, no the money don't make me

I woke up with them dollar bills on my mind  
I pray to god, and then I go get on my grind  
They wanna gossip, sorry I don't got the time  
I'm lining up my licks, the packets coming in at 9  
You learn the merit of a hustler when he lose it all  
You learn who really down with you when you take a fall  
All you gotta do is focus, and you'll make it back  
But boys would rather spend a stack, than save a stack  
Riddle me that, riddle me this  
Let um hate, let um talk down  
Do you, use it as motivation for the grind  
Prove um wrong, you got the vision let um watch you blind  
Never give up, never stop trying

All I do is make money, make money, make money (money, money)  
But the money don't make me, no the money don't make me  
All I do is make money, make money, make money (money, money)  
But the money don't make me, no the money don't make me

Some of my partnas are rich, some of my partna's are broke  
But all of my partnas are go getters, homie you know how that go  
I pull off the lot in the drop, jackers are watching, I know  
Instead of grinding, they watching my door, but I'm strapped with the  
four-four, ready to blow  
You never know who watching, and plotting, you never know  
But either way I ain't stopping, no sir, never, no (no, no, no, no)  
All of my partnas grind, none of my partna's hate  
Ain't got no time for female traits, even the female's getting the ca  
ke  
Some of my biggest haters supposedly supposed to be friends  
But in the end they change up, like a leaf in the wind  
I put my faith in god, not men  
Work, win, spend, do it all again

All I do is make money, make money, make money (money, money) (Do it  
all again, work, win, spend, do it all again)  
But the money don't make me, no the money don't make me (Work, win, s  
pend, do it all again)  
All I do is make money, make money, make money (money, money) (Work,  
win, spend, do it all again)  
But the money don't make me, no the money don't make me (Work, win, s  
pend, do it all again)  
All I do is make money, make money, make money (money, money)  
But the money don't make me, no the money don't make me  
All I do is make money, make money, make money (money, money)  
But the money don't make me, no the money don't make me
