Paul Wall

All I see is money on my phone

Yo

All I see is money on my phone huh

All I see is money on my phone

All I see is money on my phone huh

All I see is money on my phone

Yo

Woke up got a thousand dollar move to make

Woke up my deposit coming through today

Wake up and I'm filling out this paperwork

Wake up ain't no chilling I get straight to work

Pull up to my register I'll ring you up

Run out of that work and we're re'ing up

I'm Spotify numbers, they just running up

Try and stop us and those choppers they gone hit you up

Got a black, got a white, got a tan car

Got a black, got a white, got a tan broad

Crazy dipped down hoping out the Navy whip

You see the way we drip, making all the haters sick

86 gold Gucci link on me

I got everything but the kitchen sink on me

Moneygram, PayPal, or the Cash app

Don't be surprised if she ask where the cash at

All I see is money on my phone huh

All I see is money on my phone

All I see is money on my phone huh

All I see is money on my phone

All I see is money on my phone huh

All I see is money on my phone

All I see is money on my phone huh

All I see is money on my phone

Money on my telephone, better answer that

Got pressure like a panic attack

Hating you can cancel that

Laughing at the naysayers look at me imagine that

Cash app dinging none stop, you can dance to that

Back to back stacking paper my guy

Twenty five ape all day all night

I got my mind on my paper chase

Keep the caper save the hate

Mind elevate but hold it down like a paperweight

Get it straight, cut off the location, never take the bait

If I'm doing dirt, I leave my phone at home to play it safe

Mask on stay away

The hustle never takes a break

I'm just trying to take the cake

Get mine and shake and bake

Never fake if my name is associated

People's Champ no debating

Hit a lick then catch ya later

State to state, I'm just here to collect

I got money in my DM's and on the text in my phone
