You ain't even speak to me until you see me on some chrome  
Bitch you must be crazy if you think that I ain't peep your game  
Plottin' on me thinkin' you finesse me but I ain't no lame  
Telling me its hard times ho go get a hard grind  
All you do is whine by the hour, talk shit complain  
Ain't nobody owe you nothing, everybody don't do pain  
Use your brain  
Broke and lazy motherfuckers everywhere is all the same  
Envy anybody make you change or makin' a change  
Think I owe em something just because I'm wearing chains

Don't do me no favors  
I pray one day hard working, dedication is contagious  
I wish the lord [?] coming as a STD  
But jealousy turn friends to foes I should have listened to my OG  
Now I got this crumps mattress tryna sell these [?] tickets  
Why you steady asking for a hendaye you could be out getting it  
Bitch you tripping listen close, I'm giving you this game for free  
Everyday you wake up is a day get your cake up G  
Lord ten, hard work is all it takes  
When oppurtunity come knockin', partner it don't wait  
I would rather smoke lonely than smoke in a room full of fakes  
Cause as soon as all the kush gone everybody vacay
