

Start Finish Repeat

Paul Wall

Start, finish, repeat

Simple

Keep that money comin' in, you heard?

Cha-ching

Look

Open stores on the block like we own the hood (Like we own the hood)

You see me and you know what's good (What's up?)

Win chips, then we move on to the next sport (Keep it moving)

Every year, new LLCs and escorts (What we doing?)

We used to run from cops, now they on the payroll

Whatever I say, go (Facts)

We get money, euros, yen, and pesos (Cha-ching)

Stop snitching, Jose Canseco (Shut your mouth)

Tryna dig around the root of evil

Money over everything except happiness and your people (That's a fact)

Stay solid, mind your business (Yup)

It's amazing what happens when you consistent

Try it out (Go 'head)

Start a family, buy a house

Stand firm until they given you the right of mouth

Stand your ground, art, business, and street

You know the vibes, start, finish, repeat (Let's get it)

Yeah, start, finish, repeat (We back at it)

Start, finish, repeat (Another classic)

Start, finish, repeat

All we do is make classics, start, finish, repeat (Another one)

Start, finish, repeat (It's like magic)

Start, finish, repeat (Another classic)

Start, finish, repeat

All we do is make classics, start, finish, repeat

Polo rugby fit, hoes, they in love with it

Cookin' up crack on these tracks, need oven mitts

Pans all clustered, live from the gutter

Been movin' boxes like an Amazon trucker

Catalogue classic, own my own masters

Catch me in the Poconos or H-Town Rodeo

Worldwide traveler, Carmen Sandiego

Euros and the pesos, dollars by the bank loads

I just did eight shows, stabbed the first eight rows

Body bag every verse, murder one, case closed

Devil tryna test you, but you gotta stay composed

Don't worry 'bout these trolls, don't worry 'bout these hoes

I done put in all the work, look closely and it shows

Mad 'cause your money jingle and my money all folds

For sure, art, business, and street

We make classics, start, finish, repeat (Let's go)

Yeah, start, finish, repeat (We back at it)

Start, finish, repeat (Another classic)

Start, finish, repeat

All we do is make classics, start, finish, repeat (Another one)

Start, finish, repeat (It's like magic)

Start, finish, repeat (Another classic)

Start, finish, repeat

All we do is make classics, start, finish, repeat

Paul Wall, baby

My hustle, respect the title, progress is vital

Here to repeat the cycle, we're gods to your idols

Disciple to the game, never acquiesce

Pockets are Rubenesque, take assumption of the risk

Hard work pays off like a three-two pitch

I've been around the world, but never been no bitch

I got the itch when it comes to gettin' scratch

And I am yet to find an equal, hustle skills unmatched

The path to success requires teamwork and sacrifice

Loyalty has no price, so roll the dice

You want your slice of the pie, you better earn it (Better earn it)

Other people business, I'm not concerned with

I learned the game the hard way, but I perfected it (Perfected it)

Took my losses, then I moved on 'cause I respected it (Respected it)

The game, art, business, and street

We make classics, start, finish, repeat

Yeah, start, finish, repeat (We back at it)

Start, finish, repeat (Another classic)

Start, finish, repeat

All we do is make classics, start, finish, repeat (Another one)

Start, finish, repeat (It's like magic)

Start, finish, repeat (Another classic)

Start, finish, repeat

All we do is make classics, start, finish, repeat
