

Swangin' Glass

Paul Wall

Red popped up
An I'mma be swangin' glass
Cuz I want yo ass to see a young g

Red popped up
An I'mma be swangin' glass
Tippin' slow on your ass
Enemies your row red

I'm talm bout swangin' glass!

I come around that corner, knockin' like opportunity
Killing the competition, time to prepare the eulogy
Maneuvering beautifully, turnin' heads ain't new to me
I'm usually doin' me, oblivious to the scrutiny
I'm prudently, gettin' to a few checks (few checks)
Verified, like blue checks (blue checks)
I make the top let back, like a suplex (suplex)
Live from Hou-Tex
They like what I'mma do next (what I'mma do next)
Some twenty-inch twenties if the shoe fits (shoe fits)
I flip 'n turn like rubix
As I proceed wit extreme caution (extreme caution)
I break 'em off from Lake Charles to Austin
Glass house flossin', got 'em rubberneckin' often (often)
When ya see crossin', I insight a whole lotta talkin'
Talm bout swangin' glass

Pull up sparklin' on them haters, like some crushed glass
A hunnid stacks on that Cadillac, I ain't losin' (never!)
Five-eighty ain't nothin' shady, the curtains movin' (left!)
Don-Ke they could never be, I'm ridin' brainless (brainless!)
When it comes to talkin' slab, I speak a different language (yeah!)
Show my ass for four seasons, I could never play (play!)
Popped up I'm ridin' red, Issa holiday (yeah!)
