

Talk About It

Paul Wall

Paul Wall, baby
Extra P
Crazy
Termanology, what up?
Come on

They competing with me, but I ain't even know it
A fool's errand. Everyone knows my grind is coated
Demeanor stoic to the game, remained devoted
I'm the candy coated most quoted known as the Po Up Poet
Pockets bloated off, often noted how I pull up poking
Apple over silver soaking, yeah, the beast has been awoken
It's the Mr. [?] and De-freezing my mind frozen
Heads turn like a token when you see me coasting
I'm known as the Texas multi-hyphenate with the icy breath
On the low, I'm high as heck, quiet as kept
They bite my style hotter than a peach pit
Crash dummies can't handle my wave like a big ship
Somebody better than me? Nah, I doubt it
But the waitin' room to take my spot is crowded
Rerouted the path to paper all 'cause God allowed it
But don't get it twisted, I've been 'bout it, go on and talk about it

Talk about it
Go on and talk about it
Go on and talk about it
Go on and talk about it (Yo)
Go on and talk about it

They competing with me and I ain't even know it
It's the greatest from my city, this lethal dosage of dopeness
I gave 'em over and over, twenty years in designer
Puerto Rican papi sipping champagne with my lil' mama
Now we can have a moment of silence for all my haters
'Cause I got this shit locked like Sheek, Styles, and Jada
Unique styles, I made up, they're copying 'em verbatim
I'm popular, plus got paper, that's like Brown and Tatum
One two punch, Term and Paul comin' for them big rings
Every year, we leveling up and doin' big things
Catch me on the big screen, fresh fit, crisp jeans
Sexy mami lickin' me clean like Krispy Kreme
Large Pro flipping the beat, you know the shit is mean
Fans of this music, we feed 'em just how we pitch to fiends
Nicotine, Hennessy, and Moët is the recipe
I show out, but respectfully, I know can't no one mess with me

Talk about it
Go on and talk about it
Go on and talk about it
Go on and talk about it
Go on and talk about it
Go on and talk about it
Go on and talk about it
