

That Check

Paul Wall

Let me tell you what that check'll do
Versace shades on my face, that's what that check'll do
Got a couple stones in my watch, they in my necklace too
I can fuck whoever I want
'Cause I got that check
Bitch, I got that check
Yeah, I got that check
Ho, I got that check
That's what that check'll do
Yeah, I got that check
Bitch, I got that check
Ho, I got that check
Yeah, I got that check
Bitch, I got that check
That's what that check'll do
That's what that check'll do

I can buy whatever I want, that's what that check'll do
I can fly wherever I want, that's what respect'll do
Got a couple stones in my watch, they in my necklace too
I can fuck whoever I want
'Cause I got that check
Got Versace shades on my face, that's what that check'll do
Hundred pair of shoes I rock [?] that's what check'll do
Got bitches [?] that's what that check'll do
I don't try it on, I just buy it
'Cause I got that check
My bitch mad, 'cause I came home about 3
Mr. Bills Paid
That's what that check'll do
Shit, it's 4:00 in the morning, up, I'm still rolling
Got the cobra on me, that's what that check'll do
And let me tell you

Let me tell you what that check'll do
Versace shades on my face, that's what that check'll do
Got a couple stones in my watch, they in my necklace too
I can fuck whoever I want
'Cause I got that check
Bitch, I got that check
Yeah, I got that check
Ho, I got that check
That's what that check'll do
Yeah, I got that check
Bitch, I got that check
Ho, I got that check
Yeah, I got that check
Bitch, I got that check
That's what that check'll do
That's what that check'll do

First I prayed, then I hustle, now I got that check
Ice my grill up, invisible set to match my neck
I put in hard work, stay true to the game, I earned respect
But I got two nines on me like [?] if you think you slick
I'ma tell you what that check'll do
I'm born and raised in Texas, fool

I switch my car up every year
It's new, but this ain't nothing new
To pull all this off, damn right, gotta have big testicals
My wrist light up like the northern lights, it's colder than an Eskimo
I'm feeling myself, 'cause I got that check
My wrist and neck, put the bops in check
[?] called, say he got me a check
Come back [?] get blessed
Better check yourself, if you want that check
Straight to the check like a bad day
All work, no play, no parlay
Turn a bad day into a pay day
And get that check

Let me tell you what that check'll do
Versace shades on my face, that's what that check'll do
Got a couple stones in my watch, they in my necklace too
I can fuck whoever I want
'Cause I got that check
Bitch, I got that check
Yeah, I got that check
Ho, I got that check
That's what that check'll do
Yeah, I got that check
Bitch, I got that check
Ho, I got that check
Yeah, I got that check
Bitch, I got that check
That's what that check'll do
That's what that check'll do
