I'm posted up in the parking lot the trunk popping
Wit a thot, tuned up, getting top
Motor big block partner, what you talking 'bout
Mouth full of rocks 'cause I grind non-stop
Catch me if you can but I doubt it
Fish tailing on the run, Lord almighty
Show low rerouted, it was getting crowded
Headed to the paper, I ain't going to the county
You better going ninety
And me, I'm going damn near double that
Custom rap got me looking like no other cat
Simply unique, take a look, but you can't see me
I'mma give it to you raw sashimi
This ain't TV, this is real life
Bikes and loud pipes and whips all types
If you want to come with me you better think twice
Be prepared to pay the price cause I'm tuned up nice

Tuned up
Tuned up
Tuned up

Tuned up

Get the tune up
Quarter mile at a time how I'm living

Everything that I do, I do it Jumbotron
I'm not Alecia, hobo bum or vagabond
When I preach, the ladies love my ceremony
I don't discriminate, I take a thic up on it
I got an old school muscle quarter tires big and mama
Kinda horse power suited up, ain't talking camo
The life that I live it is quite exquisite
I want the perks and amenities and incentives
They called me 40 wide Uncle Earl

Y'all been slapping my music since y'all was little boys and girls
Where I was raised and grew up people here don't make it
They pimp you, they rob you, hella two-faced it
The homie Kato get to slapping his Manish
We drinking E Cuarenta, E 40 name in Spanish
Triple shots double fisted with our cups
Here come the homie Paul Wall, we getting fucked up
