

That Pleasure

Paul Weller

How's my baby boy?
How's your little sister?
Will they see the dawn?
Will they get that pleasure?

We're all born free
And freedom's our right
Then why do we have to ask at all?

In a world so torn
Where is inspiration?
Whole world in a storm
There must be something better

Get up and get involved
It's now or never
It's time to make that change
Get in this together

Look beyond differences
See the connections
All as one created
No exceptions

We're all born free
And freedom's our right
So why do we have to ask at all?

Parents show your youth
Teach them to aim higher
Upward to the stars
Help them to burn brighter

Get up and get involved
It's now or never
It's time to make that change
Get in this together
Lose your hypocrisy
All your contradictions
Lose your prejudice
Lose this hatred
It's time to get involved
It's time to get involved
It's now or never
Now or never
