

Drop Them Gloves

Paul Westerberg

Hit it!

Dig.

Well it's as easy as 1-2-3, playing guitar
Sault St. Marie on a silent way. Shut your eyes, ma
Going down the arena,
Ain't no lost love
Gonna be some fighting boys
Tonight...we're gonna drop them gloves

Now there there ain't no bad blood
All blood is good
And there ain't no better
Is that understood?

Going down the arena,
Ain't no lost love
There's gonna be some fighting boys
Tonight we're gonna drop them, we're gonna drop them gloves

Now this is your chance
This is the only, only girl to dance
If you want to dance

Let's go
(Solo)

Going down the arena
Well, be-be-be-because
There's gonna be some fighting there
Tonight...

It's as easy as 3-4-5
There's gonna be a brawl
Going down (Sounds like anaheim, haha)
And after St. Paul

Ok now
We're going down the arena
There ain't no lost love
there's gonna be some fighting there
Tonight...

Going down the arena
Be-be-be-because
There's gonna be some fighting there
We're gonna drop them, gonna drop them gloves
