

## Making Me Go

Paul Westerberg

Making me go  
You're making it tough  
Keep winding me up  
Find the links to my cuff  
I think you been spending all my dough  
You're making me go  
You're making me go  
Making me go  
Making me go

However I'm arriving  
I won't be driving, that's for sure  
How clever is your jiving?  
I take it you'll be taking me to Sheryl Crow  
Making me go  
You're making me  
Making me go  
You're making me go

I'm going, going, going go  
Going, going, going go  
I'm going, going, going no  
Going, going, going

I ain't no cocker spaniel  
Hurry up, I can't stand to sit still  
It's a sticky situation  
You make me sick, but still you make me tick  
You're making me go  
Making me go  
Making me go

Making me go  
Yeah you're making me  
Yeah you're making me  
You're making me go  
Yeah you're making me
