

# Meet Me Down the Alley

Paul Westerberg

Meet me down the alley  
Tonight

I wanna breathe  
Some new life  
Into me  
And you and yours and mine

When we were young  
We never played  
Out in the street  
We'd only run  
Where we felt safe

Come on and meet me down the alley  
We ain't too young to die  
Meet me down the alley  
Tonight

I wanna be  
Some new place  
I wanna see  
Something I'll never see again

Come on and meet me down the alley  
We ain't too young to die  
Meet me down the alley  
Tonight

Where I live now there's no sidewalk  
Only small talk  
Where I live now I feel safe  
Take me away

And meet me down the alley  
Meet me one last time  
Meet me down the alley  
To say good-bye

Meet me down the alley  
Meet me down the alley
