

Meet Me Down the Alley

Paul Westerberg

Meet me down the alley
Tonight

I wanna breathe
Some new life
Into me
And you and yours and mine

When we were young
We never played
Out in the street
We'd only run
Where we felt safe

Come on and meet me down the alley
We ain't too young to die
Meet me down the alley
Tonight

I wanna be
Some new place
I wanna see
Something I'll never see again

Come on and meet me down the alley
We ain't too young to die
Meet me down the alley
Tonight

Where I live now there's no sidewalk
Only small talk
Where I live now I feel safe
Take me away

And meet me down the alley
Meet me one last time
Meet me down the alley
To say good-bye

Meet me down the alley
Meet me down the alley
