

# I Know You

Paul Williams

I'll never leave 'cause I need you for me  
I'll never turn you away  
I'll always want you to stay  
I know you, I know your tears  
I've seen you cry

How many times have I seen you this way  
After all we've been through you should know  
There's no reason that I'd ever go  
I know you, I know your face

I've walked alone in the sun  
Walks that would end in a run  
Runs at a maddening pose that would end in  
Your arms, my love

I'll never leave 'cause I need you for me  
Need you to hold me this way  
Need you to want me to stay  
I know you, I know your love
