

Sunday

Paul Williams

When you wake up in the mornin'
In the suit that you were born in
Feelin' like love

And you tell me the kind of day you planned
While you trace little circles inside my hand
Oh, love

Snuggled up like spoons inside a drawer
Closer now than you and I have ever been before

Sunday
Let's stay in bed it's Sunday
Though football games and gunplay
Are all that's on TV

Stay beside me Sunday
We'll hibernate till Monday
It's good in more than one way
It's cozy and it's free

Well, the traffic drives you crazy
And the people nowadays seem paranoid
And the only thing that's worse than getting up for work
Is being unemployed

Life at times is harder to explain
Weekdays we get sunshine
On the weekends we get rain

Sunday
Let's stay in bed it's Sunday
Though football games and gunplay
Are all that's on TV
Stay beside me Sunday
We'll hibernate till Monday
It's good in more than one way
It's cozy and it's free

Snuggled up like spoons inside a drawer
Closer now than you and I have ever been before

Sunday
Let's stay in bed it's Sunday
Though football games and gunplay
Are all that's on TV
Stay beside me Sunday
We'll hibernate till Monday
It's good in more than one way
It's cozy and it's free

Hey, Sunday
Stay beside me Sunday
Hey, Sunday
Let's stay in bed it's Sunday
Stay beside me Sunday
