

# Take Me In Your Arms And Hold Me

Paul Williams

Take me in your arms and hold me  
Like I've been holding you in my heart  
Take me in your arms and tell me  
That you've missed me since we've been apart

You just don't know how heartsick  
And lonesome I've been  
Or how much I've prayed  
That you'll come back again

And take me in your arms and hold me  
Like I've been holding you in my heart

(You just don't know how heartsick)  
(And lonesome I've been)  
Or how much I've prayed  
That you'll come back again

And take me in your arms and hold me  
Like I've been holding you in my heart
