

With One More Look At You

Paul Williams

With one more look at you
I might learn to tame the clouds
And let the sun shine through
Leave a troubled past and I might start anew
I'll solve the mysteries if you're the prize
Refresh these tired eyes

With one more look at you
I might overcome the anger
That I've learned to know
Gain the peace of mind that I lost long ago
Your gentle touch has made me strong again
And I belong again

For when you took at me
I'm everything and more than I had dreamed I'd be
My spirit feels a promise
I won't be alone
We'll love and live more
Love and live forever

With one more look at you
I'd learn to change the stars
And change our fortunes too
Have the constellations paint your portrait too
So all the world could share this wondrous sight
The world could end each night
With one more look at you
With one more look at you
I want one more look at you
